

VETERANS TRANSITION CENTER AT THE UNIVERSITY OF MINNESOTA

VETERANS MENTORSHIP PROGRAM

The relationship between a mentor and a student provides a learning experience for students outside the classroom where they can experience opportunities in the "real world" (civilian style). Mentoring relationships are intended:

- To be professional in nature.
- To help students make the transition from an academic environment to the civilian working world and to help motivate them to succeed in their transition from the military to college and beyond.
- To offer an opportunity for professional development, networking and an exchange of ideas between experienced professionals and the next generation of leaders.

Veterans: If you want to be a mentor to a student veteran or if you would like more information about this program, please contact Aaron Ledebuhr at lede0031@umn.edu.
